

COOKIE POLICY

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your web browser or your device (including the hard drive of your computer, your tablet or mobile phone) to enable our systems to recognise your browser and to provide website features. Cookies contain information that is transferred to your device.

By continuing to browse the site, you are agreeing to our use of cookies.

We use the following cookies:

- **Strictly necessary cookies.** These are cookies that are required for the operation of our website. These cookies let you move around the website and enable you to use features. They include, for example, cookies that enable you to log into secure areas of our website or use a shopping basket. If you prevent these cookies we cannot guarantee how our website will perform during your visit.
- **Analytical/performance cookies.** These cookies allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. The information these cookies collect is analysed to help us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region). We may also share this information with third parties.
- **Targeting cookies.** These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

Please contact us for more information about the individual cookies we use and the purposes for which we use them.

Please note that third parties (including, for example, advertising networks and providers of external services like web traffic analysis services) may also use cookies, over which we have no control. These cookies are likely to be analytical/performance cookies or targeting cookies.

If you don't want us to use cookies, you can remove them from your computer or change your browser settings so that it either blocks cookies altogether or asks you if you'd like to accept them from some websites. However, if you use your browser settings to block all cookies (including strictly necessary cookies) you may not be able to access all or parts of our site.
